CD Review: Waitin in Line May, 2007
Reviewed By Ms. Rebyll- for Southbound Beat Magazine

Starting with humble surroundings, these down to earth good ole boys from Kansas ..... Their CD titled "Waitin' In Line" has 11 songs on the album and every one of them is soaked with that southern rock classic sound. Their lyrics have obviously been from growing up in a small American town. Where the pace of life is slow and the music is fast and furious. .... I really enjoyed this album and would definitely buy their first album titled "Pure Chance"

We love yalls music! Thank you...

CD Review: Waitin in Line October, 2006
By- Callie (V.P.) at Second Wind Promotions (California)

I enjoyed the CD, I liked the beat I think my generation would also like the beat and the sound. I really liked the words to many of the songs and they appeared to me to be sung with feeling and true spirit of music.

CD Review: Pure Chance January 10th, 2006
By- Mark Debbage- Norfolf, England

Excellent - would recommend to anyone...great album, reminded me of many legends of the past -
